^Additional courses will be necessary if non-attributed courses are selected. Students must work with advisors to ensure all Core Attribution Requirements are met.

\*A maximum of 60 credits can be transferred from a two year college to Canisius and a minimum of 18 credits in the major must be completed at Canisius. Students need a minimum of 120 credit hours from their Major, Core Curriculum, and free elective courses to meet graduation requirements. Accepted students have a transfer evaluation completed prior to enrollment and work with an advisor to map out a pathway to graduation.

\*\* This degree requires more than 4 additional semesters (2 years) at Canisius to complete because of the sequencing of some courses.
